

# Lending Club

## Goals and success criteria

- Given loan a customer's loan application amount, debt-to-income ratio, location, reason for application and employment length, predict whether Lending Club will reject or approve a loan application
- Determine which are the most important factors in the decision making process

## Audience

- Lending Club
  - Is their approval process systematic
  - Can they improve it
- Lending Club customers
  - What is affecting their approval success rate
  - How can they improve their chances of obtaining a loan
- Other lenders
  - Can they learn from Lending Club's process and success rate

## Problem Statement

Can we predict whether a loan application will be approved?

Questions/  
Suggestions?

## Data

- Provided by Lending Club on LIFK
- Includes data for rejected applicants and approved applications
- For approved applications, they also included other data relating to loan repayment
